## Digital Video Memo - Fridge Magnet Gadget

Product code: CVUM-G282

Meet the newest 21st century magic gadget, an advanced Digital Video Memo for life in the new era. The Digital Video Memo takes that bold leap into the future and gives you a fridge magnet that you can record a 30 second video message on.

Want to leave a message for your spouse or kids, but can't find pen or paper? Or did you leave a message for them on a piece of paper, but the wind blew it away and they never got to see it? Now, you just need to buy this video memo device and stick it on your fridge. Say bye to all your worries!. To operate this video memo, look into the camera lens, press record and start talking. You have 30 seconds to say what you want after which the video memo recording will automatically stop - it's so simple that even your small children can use it!

This Digital Video Memo features a built-in video camera, 1.44 inch TFT LCD Display and speaker. And the great re-recordable reminder device can hold a message of utmost importance up to 30 seconds long. When it runs out of power just hook it for a quick recharge via USB and it's good to go again.
